

# Gas Range, 30", 4 Burners

Series 7 | Classic

Stainless Steel

Create a striking classic kitchen. Your freestanding range has a spacious oven capacity and four gas burners for precise control.

- Four burner gas cooktop with two dual wok burners
- Gas oven with 3.5 cu ft total capacity
- Three oven functions: Bake, Convection Bake and Maxi Broil

## DIMENSIONS

Height 35 3/4 - 37 5/8 "

Width 29 7/8 "

Depth 25 1/4 "

## FEATURES & BENEFITS

### Design Quality

This range has been carefully crafted in every detail from performance to durability using quality materials including the balanced soft-close door and rounded hob rail.

### Large Capacity Oven

The generous 3.5 cu.ft total capacity oven gives you plenty of space to cook multiple dishes at once, with enough room to fit a 26 lb turkey.

### Performance power

Precise cooktop controls let you sear or stir fry over instant, powerful heat. Use the high burner power or simmer a delicate sauce using the gentlest of heats.

### Easy Cleaning

With its durable surface, your cooktop simply needs a quick wipe after cooking to keep it looking good as new for years to come.

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
