

# Double Oven, 60cm, 7 Function

Series 5 | Contemporary

White

Combining two independent ovens, so you can cook multiple dishes simultaneously.

- 45L + 71L total capacity across two ovens
- Seven oven functions including Defrost
- Optional non-tip, full-extension shelves for safe removal of hot dishes

## DIMENSIONS

Height	888 mm
Width	595 mm
Depth	567 mm

## FEATURES & BENEFITS

### Cooking Flexibility

This built-in oven has seven functions with pre-set temperatures, including Bake, Fan Bake and Fan Forced, allowing you to use a variety of cooking style.

### Sized To Suit

This built-in oven provides a generous 71L + 45L of total capacity across two cavities providing enough space to fit a large casserole dish, the family roast and a crumble for dessert.

### Safe And Sound

The CoolTouch door with quadruple glazing and cooling system is safe to touch from the outside, protecting your hands and the surrounding cabinetry.

### Accessories

This built-in oven comes with a number of handy accessories including a fat filter, a flat brushed baking tray and a grill rack.

### Complementary Design

With their premium handle and dial styling, our built-in ovens are designed to match the rest of Fisher & Paykel's kitchen appliance family.

**Product dimensions**

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
