

Double DishDrawer Dishwasher

Series 7 | Contemporary

Stainless Steel

With a contemporary stainless steel finish, each drawer washes independently and fits a half load, so you can run one while you load the other.

- Six wash programs to suit any load, from Delicate to Heavy
- American Disabilities Act (ADA) compliant, this Double DishDrawer™ sits at an accessible height

DIMENSIONS

Height	32 5/16- 34 5/8 "
Width	23 9/16 "
Depth	22 9/16 "

FEATURES & BENEFITS

Ease of use

DishDrawer™ Dishwashers are as easy to open and close as kitchen drawers and can be conveniently positioned at bench height for ease of loading and minimal bending.

Independent Wash

With the ability to use both drawers independently and select different wash programs the DishDrawer™ Dishwasher can wash everything from fine glass and crystal to heavily soiled pots and pans.

TRUE HALF LOAD

Each drawer holds a true half load for guilt-free small washes and fast turnaround of your dishes. Both drawers operate independently so different wash cycles can run simultaneously to accommodate a variety of loads.

Easy to load

Running at a very low decibel rating, these DishDrawer™ Dishwashers do their job without making a fuss. The combination of intelligent technology and simple mechanics means greater reliability and excellent wash performance.

SPECIFICATIONS

Accessories (included)

Cutlery basket	•
Kickstrip	true

Capacity and loading

Accommodates round plates up to	11" (top drawer) 11" (bottom drawer)
Fixed height, foldable cupracks	•
Fold down tines	•
Place settings	14
Place settings per drawer	7
Place settings per drawer	7

Consumption

Energy usage	265kWh/year
In-use energy carbon emissions estimate	32.7kgCO2e/year

Water usage (per wash cycle) **3.44 gal running both tubs**

Supply voltage **100 - 120V**

Water supply **3/8" to suit Male Compression Fitting**

Controls

- Electronic fault/Diagnostic indicator •
- End of cycle beeps •
- Energy saving delay start option of up to 12 hours •
- Rinse aid indicator light •
- Smart appliance •
- Wi-Fi connectivity •

Water connection

Supplied hose to suit 3/8" (9mm) male compression fitting •
 Water pressure **30kPa - 1000 kPa**

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
