- Wi-Fi capability and a SmartHQ™ app for remote control and notifications

## DIMENSIONS

Height	17 7/8 "
Width	23 9/16 "
Depth	21 3/4 "

## FEATURES & BENEFITS

### Seamless Integration

With the flexibility of ergonomic placement and function, single DishDrawer™ Dishwashers can be distributed throughout the kitchen to support patterns of use. The touch-sensitive control panel is located inside this Integrated model, leaving an uninterrupted exterior that blends seamlessly with surrounding cabinetry.

### Ease Of Use

DishDrawer™ Dishwashers are beautiful to use with soft-close drawers, and can be conveniently positioned at bench height for ease of loading and minimal bending. Flexible racking includes height-adjustable cup racks and wine glass supports.

### Flexible Wash Options

Eight wash programs including Auto, 60min and Glassware, while modifiers such as Sanitize, Dry+ and Quiet provide added wash flexibility. The Quiet wash modifier reduces the noise on some cycles while maintaining performance - perfect for late night washing.

### Design Quality

Every detail has been carefully crafted using quality materials, from the easy-to-clean stainless steel interior to the spray arm sensor that detects jams for increased wash confidence.

### Knock To Pause

For ease-of-use, these DishDrawer™ Dishwashers have a knock to pause function. A knock on the front panel will pause the dishwasher, which can be restarted by using the start button.

### Quiet Performer

Running at a low decibel rating of 43dBA, these DishDrawer™ Dishwashers do their job without making a fuss. The combination of intelligent technology and simple mechanics means greater reliability and excellent wash performance.

### Efficient Performance

Our Energy Star rated DishDrawer™ Dishwashers use the energy they need without compromising on wash performance.

**SPECIFICATIONS**

**Accessories (included)**

- Cutlery basket •
- Knife clip and multipurpose clip •

**Accessories (sold separately)**

- Door panel stainless steel **ADDD24STPX**
- Handle kit Classic **AHCL-DDD-24X**
- Handle kit Contemporary round, aluminium **AHS-OBDD-60S**
- Handle kit Contemporary square fine, aluminium **AHD5-OBDD-60SX**
- Handle kit Contemporary square fine, black **AHD5-OBDD-60SB**
- Handle kit Contemporary square, aluminium **AHD3-OBDD-60S**

**Capacity and loading**

- Accommodates round plates up to **12.25"**
- Adjustable height, foldable cupracks •
- Fold down tines •
- Pitch adjustable tines •
- Place settings **7**

- Place settings **7**
- Wine glass supports with stemware grippers •

**Consumption**

- Energy rating **Energy star**
- Energy usage **125kWh/year**
- In-use energy carbon emissions estimate **15.4kgCO2e/year**
- Water usage (per wash cycle) **1.7 gal**

**Controls**

- Electronic fault/Diagnostic indicator •
- End of cycle beeps •
- Energy saving delay start option of up to 12 hours •
- Internal wash selector •
- Intuitive capacitive touch controls •
- Keylock •
- Knock to pause •
- Rinse aid indicator light •
- Smart appliance •
- Spray arm sensing •

**Features**

- Fan assisted drying •
- Flood protection •
- Flow through detergent dispenser •
- Internal tub material **Stainless Steel**
- Quiet operation •
- SmartDrive™ technology •

- Soft close drawer •

**Performance**

- Noise emissions **43 dBA**

**Power requirements**

- Amperage **5A**
- Rated current **15 A**
- Supply frequency **60Hz**
- Supply voltage **100 - 120V**

**Product dimensions**

- Depth **21 3/4 "**
- Height **17 7/8 "**
- Width **23 9/16 "**

**Safety and compliance**

- ADA compliant •

**Where applicable:**

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
