Vented Dryer, 6kg

Series 3 | Vented

White

Dry your clothes efficiently without over drying, with multiple ways to install and vent.

- Auto-sensing detects moisture level to prevent under or over drying
- Four fabric care cycles including Everyday, Heavy, Delicate and Time Dry
- Full reverse tumbling to help dry garments quicker and more evenly
- Delay Start so you can set the start time to suit your schedule

DIMENSIONS

Height 830 mm
Width 600 mm
Depth 575 mm

FEATURES & BENEFITS

Auto-Sensing Technology

Auto-sensing prevents over-drying by sensing moisture levels inside the drum and shutting off automatically. This helps clothes last for longer and reduces energy consumption.

Cares For Clothes

This model has four fabric care cycles including Delicate and Heavy, so all your items are taken care of. Select a cycle with the easy to use SmartTouch $^{\text{\tiny{M}}}$ controls.

Simple Installation

Vent out either the front or the back of this dryer. A wall mounting kit is included and the control panel can be inverted easily.

Easy Loading

The robust dryer door features die cast metal hinges that open to a full 180° for easy access and loading.

SPECIFICATIONS

Capacity

Total capacity 6 kg

Consumption

Energy rating 2 star
Energy usage 267kWh/year
In-use energy carbon emissions estimate 173.9kgCO2e/year

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
