11kg Series 11 Front Loader Washer, ActiveIntelligence, Steam Care

Series 11 | Front Load

Graphite

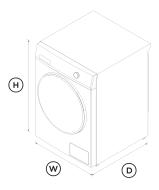

Care for every corner of the wardrobe with a connected fabric care ecosystem With 29+ cycles, this Steam Care washer combines with our Heat Pump Dryer and Fabric Care Cabinet to create an ultimate fabric care solution.

- Combine with a Heat Pump Dryer and Fabric Care Cabinet to create an ultimate fabric care ecosystem
- Centralised control the intuitive touchscreen display can also control a display-free heat pump dryer*

- Refresh, revive and dewrinkle garments using the 20 minute Steam Refresh cycle
- Wi-Fi enabled connects with the SmartHQ[™] app for seamless control

DIMENSIONS

Height 850 mm
Width 600 mm
Depth 665 mm

FEATURES & BENEFITS

Ultimate Fabric Care Solutions

Care for every corner of the wardrobe with an ecosystem of fabric care products, including our Front Loader Washing Machine, Heat Pump Dryer, and Fabric Care Cabinet. From precision sensing to autonomous technologies, the fabric care suite removes the guesswork, delivering the perfect balance across each product to ensure optimal care for every garment.

Care For Every Fabric

With 29+ fabric care cycles including Activewear, Denim, Silk and Sanitise. The specially-designed cushioned drum provides a gentle, effective washing action, protecting clothes while delivering an optimal wash performance.

Refresh, Revive, Respect

Ideal for lightly-worn garments, our 20-minute Steam Refresh Cycle leaves clothes fresh, wrinkle free and ready to wear in minutes. By using Steam Refresh, you can save up to 92% of water compared to a Quick 30 wash cycle.

Remove The Guesswork

Every wash is unique with ActiveIntelligence™ autosensing. Intelligent sensors determine load size and soil level before automatically dispensing just the right amount of detergent and adjusting the wash time, for over 1200 possible wash combinations. Available on Cotton, Heavy, Mixed, Delicate and Sports cycles.

A Connected Solution

Choose from 29+ fabric care cycles with real-time updates and helpful prompts, thanks to the intuitive touchscreen display and push-to-select dial. Integrate your laundry system to seamlessly program and manage both your washing machine and our display-free heat pump dryer from a single point of control.

5 Star Energy And Water

QUICK REFERENCE GUIDE > WH1160HG1

This washing machine uses intelligent sensing, sophisticated wash cycles and an enhances water recirculation system to gently and effectively wash clothes. With a 5 star energy and 5 star water rating, you can clean with confidence.

Designed To Match

Our Steam Care washing machine is designed to match our Heat Pump Dryer and Fabric Care Cabinet, giving you the design freedom to create a cohesive fabric care ecosystem. With multiple configurations from compact to large, this modular solution is designed to work for many spaces within the architecture of the evolving home.

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
