

17.1 cu ft Series 7 Refrigerator Freezer, Ice & Water

Series 7 | Professional

Stainless Steel | Right Hinge

This stylish right hinge refrigerator has a large capacity and comes in timeless stainless steel.

- ActiveSmart™ technology helps keep food fresher for longer by constantly maintaining the ideal temperature
- Door water dispenser and internal ice maker
- Spacious bottom freezer with full extension drawer gives easy access to frozen goods

DIMENSIONS

Height	67 1/2 "
Width	31 3/32 "
Depth	27 3/8 "

FEATURES & BENEFITS

ActiveSmart™ Foodcare

Every time you open your refrigerator, the temperature around your food changes. ActiveSmart™ foodcare adjusts airflow to create a stable temperature, helping your food stay fresher for longer.

Easy Cleaning

No more permanent dirty marks with our EZKleen feature for stainless steel refrigerators. Anti-fingerprint coating means you simply wipe clean any marks. Spill-safe secure glass shelves easily capture any drips or leaks.

Design Quality

Our refrigerators are designed and built using quality materials. We use real stainless steel on our refrigerators and solid glass for shelving.

Ice Maker

Fresh ice is always available for you in a dedicated freezer bin. Simply turn it off to free up freezer space or during busy times, you can boost ice production by up to 30%.

Water On Tap

The slimline dispenser makes it easy to fill almost any sized jug or vessel with cool filtered water and doesn't take up any storage space in your refrigerator.

SPECIFICATIONS

Accessories (sold separately)

Joiner Kit	819264
Surround Kit (Joined left/right pair)	Part number 24476

Capacity

Total gross capacity	17.1 cu ft
Volume freezer	4.8 cu ft

Consumption

Energy rating	Energy star
Energy usage	535kWh/year
In-use energy carbon emissions estimate	196.1kgCO2e/year

Features

Adjustable door shelves	4
Adjustable glass shelves	4
Covered door shelves	2
Door alarm	•
Front levelling feet	•
Fruit and vegetable bins	2
LED lighting	•
Rear rollers	•
Smart appliance	•

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
