- Wi-Fi enabled and works with the SmartHQ™ app for remote control and notifications

DIMENSIONS

Height	17 7/8 "
Width	23 9/16 "
Depth	22 9/16 "

FEATURES & BENEFITS

Seamless Fit

Our built-under DishDrawer™ Dishwashers are installed flush under your benchtop with the option of a custom kickstrip, ensuring minimal gaps. Designed to match the Fisher & Paykel family of kitchen appliances with a recessed handle for a streamlined look.

Designed For Real Life

Designed to make everyday life simpler, DishDrawer™ Dishwashers can be distributed throughout the kitchen to support patterns of use. As easy to open and close as kitchen drawers, they can be conveniently positioned at bench height for ease of loading and minimal bending.

Easy To Load

Designed to fit seven place settings, with foldable racking to fit taller dishes up to 12". Flexible racking allows you to make adjustments to fit in a variety of dishes.

Quick, Sanitize* And Extra Dry Options

The Quick wash modifier delivers a faster wash while maintaining performance. The Sanitize option provides extra protection, killing 99.9% of bacteria* in the final rinse. The Extra Dry setting is perfect for plastic dishes.

Quiet Performer

Running at a very low decibel rating, these DishDrawer™ Dishwashers do their job without making a fuss. The combination of intelligent technology and simple mechanics means greater reliability and excellent wash performance.

Designed To Match

DishDrawer™ Dishwashers are designed to match the Fisher & Paykel family of kitchen appliances, with matching handles, premium styling and quality materials for a stylish finish in your kitchen.

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
