- Add a Garment function allows you to add items mid cycle
- 4 star water and energy rating

DIMENSIONS

Height	850 mm
Width	600 mm
Depth	665 mm

FEATURES & BENEFITS

Add A Garment

Add a Garment allows you to pause your wash cycle, add or remove any sized item, then carry on washing.

Smartdrive™ Technology

SmartDrive™ technology is a gentle, quiet, and efficient combination of smart electronics and a direct drive motor that senses the load, to deliver better fabric care.

Quiet Operation

Clever side paneling and engineered feet keep noise and vibration to a minimum - ideal for compact living spaces.

Easy Clean Dispenser

Clearly labelled compartments make it easy to see where to put washing powder and softener. It is cleverly shaped to minimise spills and is easy to remove and clean.

Water And Energy Efficient

With a 4 star water rating and 4 star energy rating, our 10kg washing machine handles large loads whilst keeping water and power usage to a minimum.

The Perfect Pair

This washing machine and our 8kg Condensing Dryer will clean, dry and beautifully care for clothes, while looking great together in your laundry.

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
