| 181-185 mm | Height |
| 598 mm | Width |
| | |
| 280 - 460 mm | Depth |

FEATURES & BENEFITS

Easy Installation

This rangehood can be either externally ducted through the top or back or can recirculate air internally through its filters, making it perfect for apartments.

Simple To Use

Intuitive controls responds to the touch of your finger. Two halogen spotlights provide clear illumination over the entire cooking surface.

Easy Cleaning

Two filters, consisting of layers of aluminium mesh, effectively trap grease particles during extraction. They are easy to remove and dishwasher safe, or can be cleaned by hand in hot soapy water.

Seamless Integration

With the white glass front panel handles and a brushed stainless steel finish, this rangehood is designed to match the rest of the Fisher & Paykel's kitchen appliance family.

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
