|--------|----------|
| Height | 84 " |
| Width | 29 3/4 " |
| Depth | 24 " |

FEATURES & BENEFITS

Premium interior

Our Series 11 Columns are designed with a premium interior that balances form and function. Every element, from the seamless finish to the considered interior lighting, creates a sleek, understated aesthetic that integrates effortlessly into any kitchen.

Clever energy

With highly efficient vacuum insulation reducing heat transfer, this fridge uses only the energy it needs while keeping your food fresher for longer.

Variable Temperature Zones

When it comes to optimal food preservation, one temperature doesn't fit all. With Variable Temperature Zones, you can create the ideal climate for different types of food and drinks. Switch a compartment to Fridge, Pantry, or Chill Mode for everyday convenience, or adjust the settings to provide extra capacity when needed.

Mix & Match

Integrated Column Refrigeration offers the flexibility to mix and match. Choose from different-sized Column Fridges and Freezers that can be installed individually or paired together. Complete the look with your own customized door panels to blend seamlessly with your kitchen cabinetry, or purchase our stainless steel door panels.

Perfect Fit

These models fit flush and have only 1/8" gaps around them with no visible hinges or grilles. Our Integrated models can be seamlessly hidden behind your cabinetry for an understated and clean look with any kitchen layout.

Pantry Mode

Not everything benefits from cold storage. Pantry Mode (11 to 13°C) is the perfect climate to store foods that benefit from a cool, dark place, including bread, nuts, grains, cereals, and fruits such as tomatoes, bananas, and avocados.

Easy install

Integrated Column Refrigerators and Freezers have been developed to make installation easy. The joiner kit is included when pairing refrigerators and freezers. All models come with front-adjustable leveling feet and they've been designed to easily slide into place as separate units.

SPECIFICATIONS

Accessories (sold separately)

Product information

| | |
|-------------------|----------------|
| Packaged weight | 309 lbs |
| Unpackaged weight | 294 lbs |

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Performance

| | |
|--------------------------------|---|
| ActiveSmart™ Foodcare | • |
| Dual evaporator | • |
| Humidity control system | • |
| Inverter controlled compressor | • |

Warranty

| | |
|-----------------------------|---------------------------|
| Parts and labor | 2 years |
| Sealed system parts & labor | additional 3 years |

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
