- Internal ice maker with boost for those busy times
- Spacious bottom freezer with easy-slide internal drawers to separate storage
- With SmartTouch control panel for ease of use

DIMENSIONS

Height	67 3/4 "
Width	25 "
Depth	27 3/8 "

FEATURES & BENEFITS

Activesmart™ Foodcare

ActiveSmart™ Foodcare learns how you live. It's technology which understands how you use your refrigerator and adjusts temperature, airflow and humidity inside to help keep food fresher for longer.

Easy Cleaning

No more permanent dirty marks with our EZKleen feature for stainless steel refrigerators. Anti-fingerprint coating means you simply wipe clean any marks. Spill-safe secure glass shelves easily capture any drips or leaks.

Humidity Control

Your fruit and veges need different environments. The humidity control slides in each storage bin create a microclimate that helps keep food fresher for longer.

Design Quality

Our refrigerators are designed and built using quality materials. We use real stainless steel on our refrigerators and solid glass for shelving.

Clever Energy

Your refrigerator adapts to daily use by cooling and defrosting only when needed. This means your refrigerator uses the energy it needs without compromising on food care.

SPECIFICATIONS

Accessories (sold separately)

Surround Kit (Joined left/right pair)	24470
Water filter replacement	847200 - FWC3

Capacity

Total gross capacity	13.4 cu ft
----------------------	------------

Consumption

Energy rating	Energy star
Energy usage	495kWh/year
In-use energy carbon emissions estimate	61.0kgCO2e/year

Features

Adjustable door shelves	8
Adjustable glass shelves	4
Covered door shelves	2
Door alarm	•
Front levelling feet	•
Fruit and vegetable bins	2
LED lighting	•
Rear rollers	•
Smart appliance US CA	•

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
