Series 9, Contemporary Tall Single DishDrawer Dishwasher

Series 9 | Contemporary

Black Stainless Steel

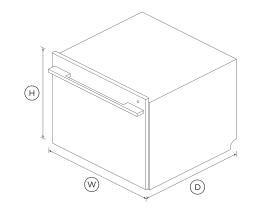

Created with extra height for large dishes and designed to be placed anywhere in your kitchen, for loading dishes with less bending.

- With extra height for taller dishes, and customisable internal shelving
- Six wash programs, as well as additional Quick wash, Sanitise and Extra Dry options

DIMENSIONS

FEATURES & BENEFITS

Ease Of Use

DishDrawer[™] Dishwashers are easy to open and close and can be positioned at bench height for effortless loading and minimal bending. Flexible racking allows you to make adjustments to fit in all kinds of dishes.

Quick, Sanitize And Extra Dry Options

The Quick wash modifier delivers a faster wash while maintaining performance. The Sanitise option provides extra protection killing 99.9% of bacteria in the final rinse. The Extra Dry setting is perfect for plastic dishes.

Quiet Performer

Running at a very low decibel rate, these DishDrawer™ Dishwashers do their job without making a fuss. The combination of intelligent technology and simple mechanics means greater reliability and excellent wash performance.

Beauty Of Choice

As much a design component as a high performance appliance, the black DishDrawer[™] Dishwasher brings a touch of sophistication to your kitchen, on its own or part of a matching kitchen appliance set.

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
