# Oven, 24, 11 Function, Selfcleaning

Series 9 | Contemporary

Stainless Steel

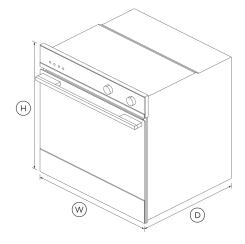

With a subtle black glass finish, this contemporary-style oven has multiple functions to ensure every dish is cooked to perfection.

- Three cubic feet total capacity with eleven oven functions including Aero™ Pastry, Roast and Rapid Proof
- Self-cleaning function breaks down food residue for an easy clean
- Moisture control and even heat distribution thanks to ActiveVent™ and AeroTech technology
- Non-tip, full-extension sliding shelves for safe removal of hot dishes

### **DIMENSIONS**

Height	23 9/16 "
Width	23 1/2 "
Depth	22 1/4 "

#### **FEATURES & BENEFITS**

# **Generous Capacity**

With a generous sized internal cavity, you can create several dishes at once using multiple shelves.

#### Perfect Results

Our built-in ovens feature ActiveVent technology for optimized moisture levels, and AeroTech™ for even heat distribution. Get perfect results even when you're using multiple shelves.

#### Multi-Function Flexibility

11 functions including Aero™ Pastry, Roast and Rapid Proof mean no matter what you're cooking, you've got the right heat to match.

#### Seamless Fit

Designed to fit seamlessly in your kitchen, this built-in oven fits flush with cabinetry to minimize gaps and add to a cohesive aesthetic.

#### Refined Styling

With sophisticated handle styling and elegant black or stainless steel finish, our built-in ovens are designed to match the rest of Fisher & Paykel's kitchen appliance family.

# Cleaning Is Simple

The self-clean function breaks down food residue at a very high temperature, leaving a light ash that's easily removed with a damp cloth.

#### Safe And Sound

The CoolTouch door features triple glazing and a cooling system that ensures it's safe to touch from the outside – protecting both your hands and the surrounding cabinetry.

## **SPECIFICATIONS**

#### Accessories (included)

Step down wire shelf
Wired temperature sensor

# Accessories (sold separately)

Optional Accessory round handle Part 81671
Optional round handle Part 81645

QUICK REFERENCE GUIDE > OB24SCDEPX1

All appliances use energy, and energy usage typically generates carbon emissions. Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
