

76cm Series 9 Professional Compact Combi-Steam Oven

Series 9 | Professional

Stainless Steel

Get more flexibility in the kitchen with both convection cooking and steam cooking, which reduces the need for oils and fats.

- 37L total capacity
- Steam cooking allows you to cook ingredients in their own juices, to retain nutrients and flavour
- Cooking flexibility with nine oven functions, including five Steam functions, plus Grill and Convection

- Designed to match aesthetically with companion products such as Warming Drawers, for flexible cooking configurations

DIMENSIONS

Height	470 mm
Width	757 mm
Depth	579 mm

FEATURES & BENEFITS

Healthy Eating

The Combination Steam Oven allows you to cook ingredients in their own juices to retain nutrients and flavour, with the steam moisture reducing the need for additional oils or fats.

Sized To Suit

This 76cm Combination Steam Oven can be placed almost anywhere. All companion products can be installed at a convenient height to suit your kitchen design and preference.

Simple To Use

An easy to use, intuitive display provides useful information about functions along with a refill alert.

Easy Cleaning

Cleaning the Steam Oven is effortless. After each use, simply wipe the smooth stainless-steel interior with a dry cloth.

Safe And Sound

Keep those inquisitive little hands safe. A child lock has been included in the design of this Steam Oven.

Easy Installation

Plug in and cook straight away. The Steam Oven is easy to install, with no plumbing needed.

Halogen lights	•
Intuitive touchscreen display	•

Depth	579 mm
Height	470 mm
Width	757 mm

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.

Functions

Fan forced	•
Fan grill	•
Grill	•
Number of functions	9
Recipe function	•
Ring + grill	•
Steam + ring	•
Steam 100 (100°C / 210°F)	•
