# 538L Series 7 Quad Door Refrigerator Freezer

Series 7 | Contemporary

### Black Stainless Steel | French hinge

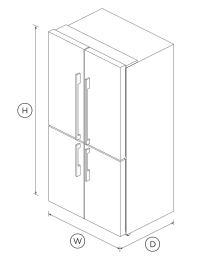

With brilliant LED lighting and three independent compartments including a Variable Temperature Zone, for truly flexible storage.

- ActiveSmart™ technology helps keep food fresher for longer by constantly maintaining the ideal temperature.
- Variable Temperature Zone lets you change a compartment to Fridge, Chill, Soft Freeze or Freezer for optimal storage

# DIMENSIONS

# **FEATURES & BENEFITS**

#### VARIABLE TEMPERATURE ZONE

When it comes to optimal food preservation, one temperature does not fit all. Variable Temperature Zones give you full control over the way you care for food. At the touch of a button, easily convert the lower right compartment to Freezer, Soft Freeze, Chill or Fridge mode, to best suit different types of food. Adjust zones for maximum every day convenience, or change modes to provide additional chilling capacity for special occasions.

#### Chill Mode

Date: 17.12.2024 > 1

Keep ready-to-eat food fresher for longer with Chill Mode (-1.5 to 0°C). Chill Mode is a perfect solution for everyday life. It keeps meats, poultry and fish as cool as possible, retaining vital freshness and helps food retain its condition for around three times longer than Fridge Mode. It's also great for entertaining. Set a zone to Chill Mode to quickly bring beverages down to serving temperature.

#### Soft Freeze Mode

Soft freeze (-10 to -6°C) is perfect for food that will be consumed soon – but not right away. Set a zone to Soft Freeze Mode and enjoy optimal food storage and everyday convenience. Soft frozen food requires only a quick thaw rather than a full defrost. It is the ideal setting for easy portioning, such as cut loaves of bread, soups and even cured meats, or for serving straight from the compartment.

#### Activesmart<sup>™</sup> Foodcare

ActiveSmart<sup>™</sup> Foodcare learns how you live. It is technology which understands how you use your fridge and adjusts temperature, airflow and humidity inside to help keep food fresher for longer.

#### **Beauty Of Choice**

With the choice of stylish stainless steel or elegant black, you can choose the finish that complements your kitchen design best.

#### Design quality

Our refrigerators are designed and built using robust, quality materials, with stainless steel exteriors and solid glass for the interior shelving.

## SPECIFICATIONS

Capacity	
Total gross capacity	605 L
Volume	538 L

#### QUICK REFERENCE GUIDE > RF605QDVB2

Volume freezer	98 L
Volume refrigerator	341 L
Volume variable temperature compartment	99 L

### Consumption

Energy rating	4 star
Energy usage	396 kWh/year
In-use energy carbon emissions estimate	258.0kgCO2e/ year

#### Features

Adjustable door shelves
Cantilevered glass shelves
cantilevered Glass Shelves
Covered door shelves
Door alarm
Front levelling feet
Fruit and vegetable bins
Full extension runners
LED lighting
Rear rollers
SmartTouch control panel
Stackable bottle holders

### **Freezer Features**

Bottle chill	
Door alarm	
Fast freeze	
Full extension clear bins
