

90cm Series 5 Contemporary Oven, 9 Function

Series 5 | Contemporary

Black

With a large capacity and beautiful contemporary styling, this built-in oven will complement your kitchen design perfectly.

- Generous 100L total capacity, ideal for multi-shelf cooking
- Nine oven functions including Pastry Bake, Roast and Fan Forced
- With AeroTech™ technology for even heating

DIMENSIONS

Height	478 mm
Width	895 mm
Depth	564 mm

FEATURES & BENEFITS

Cooking flexibility

This built-in oven has nine functions with pre-set temperatures, including Bake, Pastry Bake, and Fan Forced, allowing you to use a variety of cooking styles.

Optimal Performance

Oven functions are pre-set with a simple touch of a dial. Enhanced by brilliant lighting and a large viewing window, the need to open the oven door is minimised, ensuring perfect cooking results while maintaining the oven's internal temperature.

Generous Capacity

Designed for multi-shelf cooking, this built-in oven provides a 100L total capacity. The wide cavity allows for both side-by-side and multi-shelf cooking.

Safe and Sound

The CoolTouch door with triple glazing and cooling system is safe to touch from the outside, protecting your hands and the surrounding cabinetry.

Complementary design

With their premium handle styling and sleek black finish, our built-in ovens are designed to match the rest of Fisher & Paykel's kitchen appliance family.

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.

Performance

- AeroTech™ technology •
- Grill power **4050 W**

Power requirements

- Amperage **21 A**
- Supply voltage **220-240 V**

Product dimensions

- Depth **564 mm**
