

# Double Oven, 30", 10 Function, Self-cleaning

Series 7 | Professional

Stainless Steel

Choose maximum capacity, combining two independent ovens so you can cook multiple dishes simultaneously.

- 4.1 + 4.1 cu ft total capacity across two oven cavities
- 10 functions in each oven including Roast and Aero™ Pastry
- High-temperature self-cleaning function breaks down food residue for an easy clean
- Non-tip, full-extension shelves for safe removal of hot dishes

## DIMENSIONS

Height	48 1/2 "
Width	29 3/4 "
Depth	23 5/16 "

## FEATURES & BENEFITS

### Cooking Flexibility

This built-in oven has 10 functions with pre-set temperatures, including Roast, Pastry Bake and Maxi Broil allowing you to use a variety of cooking styles.

### Even Cooking

A digital microprocessor monitors the temperature to ensure precise heat and a four-way convection system creates even heat distribution throughout the oven, ideal for multi-shelf cooking.

### Sized To Suit

This is one of the largest built-in ovens on the market providing 8.2 cu ft total capacity across two oven cavities allowing you to fit a large casserole dish, the family roast and a pie for dessert.

### Self Cleaning

The self-clean function breaks down food residue at a very high temperature, leaving a light ash that's easily removed with a damp cloth. For best results, wipe down the inside of your oven door before you use the self-clean function.

### Information At A Glance

Halo illuminated dials provide information at a glance. White - heating up; orange - temperature is reached; red - self-cleaning mode. Three halogen lights and the large oven window creates excellent visibility of what's cooking.

### Safe And Sound

The CoolTouch door with triple glazing and cooling system is safe to touch from the outside, protecting your hands and the surrounding cabinetry.

## SPECIFICATIONS

### Accessories (included)

Full extension sliding shelves	5 sets
--------------------------------	--------

### Capacity

Shelf positions	8
Total capacity	8.2 cu ft
Usable capacity	7.2 cu ft

### Cleaning

- Acid resistant graphite enamel
- Pyrolytic self-clean
- Removable oven door
- Removable shelf runners

- Pyrolytic self-clean
- Roast
- True convection
- Warm

Parts and labor **2 years**

SKU 81831

**Controls**

- Audio feedback
- Automatic cooking/minute timer
- Automatic pre-set temperatures
- Celsius/Fahrenheit temperature
- Delay start
- Electronic clock
- Electronic oven control
- Halogen lights
- Intuitive touchscreen display
- LED display
- Turned stainless capacitive touch buttons with illuminated halos

**Performance**

- AeroTech™ technology
- Automatic rapid pre-heat
- Broil power **4400 W**

**Power requirements**

- Amperage **50 A**
- Supply frequency **60 Hz**
- Supply voltage **120 / 240 V**

**Product dimensions**

- Depth **23 5/16 "**
- Height **48 1/2 "**
- Width **29 3/4 "**

**Safety**

- Control panel key lock
- CoolTouch door
- Non-tip shelves
- Safety thermostat

**Where applicable:**

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
