

Top Loader Washing Machine, 8.5kg

Series 7 | Top load

White

With room for large loads, this top loader runs on SmartDrive™ technology for a quieter, quicker wash.

- Six wash cycles including Wool, Delicate and a 30 minute Quick cycle to cater to busy lives
- Energy saving with Eco-Active™
- 4 star energy and 3.5 star water rating

DIMENSIONS

Height	1045 - 1075 mm
Width	600 mm
Depth	600 mm

FEATURES & BENEFITS

Smartdrive™ Technology

Our world-first SmartDrive™ technology is made up of just three main parts. This means our washing machines can sense each load, use less water and run with less moving parts for greater reliability.

Fast Full Load

Fast cycle times allow you to wash a full 8.5kg load in as little as 59 minutes.

Easy To Use

This machine has a cycle to suit every type of load including Delicate, Heavy and Wool. Select a cycle with easy-to-use SmartTouch™ controls.

Eco-Active™ Wash

Eco-Active™ recirculates water and detergent through clothes so less hot water is used to remove stains, dirt and bacteria.

Soft-Close Lid

The robust plastic lid has a soft close mechanism that makes it family safe, avoids slamming and allows for hands-free operation.

Easy Installation

Self-levelling feet make installation easy and ensure the washing machine stays level, to reduce vibration and keep noise to a minimum.

Cares For Clothes

The flexible finned agitator ensures less tangling for superior clothes care.

SPECIFICATIONS

Capacity

Capacity **8.5 kg**

Consumption

Energy rating	4 star
Energy usage	313kWh/year
In-use energy carbon emissions estimate	203.9kgCO2e/year
Water consumption per cycle	96L
Water rating	3.5 star (WELS)

Features

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
