# Gas Rangetop, 48", Griddle

Series 9 | Professional

Stainless Steel | Natural Gas

A powerful five burner rangetop with Professional styling and the additional cooking flexibility of a stainless steel griddle.

- Your burners can deliver anything from very high 23,500 BTU heat for seriously fast boiling, to the most gentle flame for simmering
- Continuous surface grates designed for pots and pans to move safely across the cooktop
- The stainless steel griddle is great for cooking anything from pancakes to bacon, grilled cheese to quesadillas
- · Made from quality materials and real stainless steel

## DIMENSIONS

| Height | 8 5/16 " |
|--------|----------|
| Width  | 47 7/8 " |
| Depth  | 28 "     |

## **FEATURES & BENEFITS**

## **Cooktop Power**

Sealed Dual Flow Burners™ deliver rangetop power up to 23,500 BTU for seriously fast boiling right down to a precise 140°F full surface simmer with the gentlest of flames.

#### Precise Control

From the highest to the lowest temperatures you get total control with halo-illuminated rangetop dials. A precise full surface simmer is delivered across all burners.

## Cooking Flexibility

The continuous surface grates are designed for pots and pans to move safely across the rangetop. The deep-platform style grates provide full coverage so heat goes directly onto the pot, for a faster boil.

#### Easy To Clean

These rangetops are easy to clean with sealed burners and a continuous, porcelain basepan.

#### Information At A Glance

LED halo control dials provide information at a glance and assist in alerting you if any burners are accidentally left on.

#### **Design Quality**

This rangetop is built to last with craftsmanship in every detail, featuring real stainless steel, cast-iron grates, and titanium coated dials.

## **SPECIFICATIONS**

| Burner ratings       |             |  |  |
|----------------------|-------------|--|--|
| Maximum burner power | Yes         |  |  |
| Power back left      | 18,500 BTU  |  |  |
| Power back right     | 18,500 BTU  |  |  |
| Power front centre   | 23,500 BTU  |  |  |
| Power front left     | 18,500 BTU  |  |  |
| Power front right    | 18,500 BTU  |  |  |
| Power griddle        | 24,000 BTU  |  |  |
| Total cooktop power  | 121,500 BTU |  |  |
|                      |             |  |  |

## Cleaning

## Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
