

# Oven, 30" 17 Function, Self-cleaning

Series 7 | Contemporary

Stainless Steel

With beautiful Contemporary styling and a generous 4.1 cu ft total capacity capacity, this built-in oven helps to ensures that every dish you create is cooked to perfection.

- 4.1 cu ft total capacity with 17 oven functions including Air Fry and Dehydrate
- Even heat circulation with AeroTech™, ideal for multi-shelf cooking
- Pyrolytic self-cleaning function breaks down food residue for an easy clean

- Guided cooking capability offers helpful tips for different food types

## DIMENSIONS

Height	27 3/16 "
Width	29 15/16 "
Depth	23 15/16 "

## FEATURES & BENEFITS

### Multi-Function Flexibility

Each function has been perfected to ensure that no matter what you're cooking, you've got the right heat to match. This built-in oven has 17 functions including Pastry Bake, Roast, Fan Grill, Dehydrate and Rapid Proof, allowing you to use a variety of cooking styles.

### Generous Capacity

With an incredible 4.1 cu ft total capacity in each oven, you can create several perfectly cooked dishes at once using multiple shelves.

### Cook With Confidence

The intuitive 2.4" screen provides an intuitive guided cooking experience that helps to deliver perfect results, whether you've been cooking all your life or are just starting out. Cook by food type and allow your oven to guide you through steps, or change temperature and heat type automatically, depending on your selection.

### Exceptional Performance

AeroTech™ circulates heat evenly for a consistent temperature throughout the cavity, helping you ensure perfect results even when cooking on multiple shelves.

### Self-Cleaning

Pyrolytic self-clean breaks down food residue at a very high temperature, leaving a light ash that's easily removed with a damp cloth. The enamel coated side racks don't need to be removed when using this function.

### Design Freedom

Designed to fit seamlessly into your kitchen, this built-in oven features premium materials and detailing to support a cohesive, considered kitchen design.

### Safe And Sound

The CoolTouch door features triple glazing and a cooling system that ensures it's safe to touch from the outside - protecting both your hands and the surrounding cabinetry.

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
