# Series 11, Integrated Tall Single DishDrawer Dishwasher

Series 11 | Integrated Panel Ready

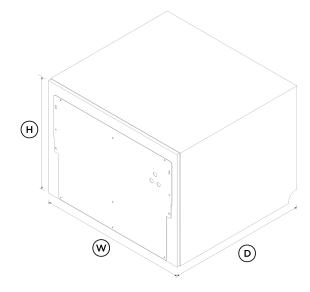

Place anywhere in your kitchen at bench height for easy loading and seamless integration. Features a premium stainless steel interior.

- Eight wash cycles from Heavy to Light, including Auto, 60min and Glassware
- Fits plates up to 310mm, with flexible racking to accommodate other large cookware

- With soft-close drawers, and knock to pause convenience
- Wi-Fi capability and a SmartHQ<sup>™</sup> app for remote control and notifications

### DIMENSIONS

Height	454 mm
Width	599 mm
Depth	553 mm

### **FEATURES & BENEFITS**

Seamless Integration

With the flexibility of ergonomic placement and function, single DishDrawer<sup>™</sup> Dishwashers can be distributed throughout the kitchen to support patterns of use. The touchsensitive control panel is located inside this Integrated model, leaving an uninterrupted exterior that blends seamlessly with surrounding cabinetry.

### Ease Of Use

DishDrawer™ Dishwashers are beautiful to use with soft-close drawers, and can be conveniently positioned at bench height for ease of loading and minimal bending. Flexible racking includes height-adjustable cup racks and wine glass supports.

### **Flexible Wash Options**

Eight wash programs including Auto, 60min and Glassware, while modifiers such as Sanitise, Extra Dry and Quiet provide added wash flexibility. The Quiet wash modifier reduces the noise on some cycles while maintaining performance – perfect for late night washing.

### **Design Quality**

Every detail has been carefully crafted using quality materials, from the easy-to-clean stainless steel interior to the spray arm sensor that detects jams for increased wash confidence.

### Knock To Pause

For ease-of-use, these DishDrawer<sup>™</sup> Dishwashers have a knock to pause function. A knock on the front panel will pause the dishwasher, which can be restarted by using the start button.

### **Quiet Performer**

Running at a low decibel rating of 44dBA, these DishDrawer<sup>™</sup> Dishwashers do their job without making a fuss. The combination of intelligent technology and simple mechanics means greater reliability and excellent wash performance.

### Efficient Performance

Our DishDrawer<sup>™</sup> Dishwashers use the energy they need without compromising on wash performance.

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
