- Ultra flat door conceals handles for streamlined look
- Spacious bottom freezer with easy-slide internal drawers to separate storage

DIMENSIONS

Height	1720 mm
Width	635 mm
Depth	695 mm

FEATURES & BENEFITS

Activesmart™ Foodcare

ActiveSmart™ Foodcare learns how you live. It's technology which understands how you use your refrigerator and adjusts temperature, airflow and humidity inside to help keep food fresher for longer.

WATER ON TAP

The slimline dispenser makes it easy to fill almost any sized jug or vessel with cool filtered water and doesn't take up any storage space in your refrigerator.

Ice Maker

Fresh ice is always available for you in a dedicated freezer bin. Simply turn it off to free up freezer space or during busy times, you can boost ice production by up to 30%.

Design quality

Our refrigerators are designed and built using quality materials. We use real stainless steel, and solid glass for shelving as well as in our wine cabinet doors.

Easy Cleaning

No more permanent dirty marks with our EZKleen feature for stainless steel refrigerators. Anti-fingerprint coating means you simply wipe clean any marks. Spill-safe secure glass shelves easily capture any drips or leaks.

Simple storage

This refrigerator is designed to make it simple for you to store, access and remove food. Storage bins give you full access inside when they're pulled open and can be easily removed to clean. Our flexible shelving also gives you more storage options.

Clever Energy

Your refrigerator adapts to daily use by cooling and defrosting only when needed. This means it uses the energy it needs without compromising on food care.

Humidity Control

Your fruit and veges need different environments. The humidity control slides in each storage bin create a microclimate that helps keep food fresher for longer.

SPECIFICATIONS

Capacity

Total gross capacity	403 L
Volume	380 L
Volume freezer	111 L

Volume refrigerator **269 L**

- Slide Out Pastry Tray
- Small plastic bins

Consumption

Energy rating **3 star**
 Energy usage **413kWh/year**
 In-use energy carbon emissions estimate **55.9kgCO2e/year**

Performance

- ActiveSmart™ Foodcare
- Adaptive defrost
- Frost free freezer
- Humidity control system
- Inverter controlled compressor

 Door alarm •
 Fast freeze •
 Ice bin and scoop •
 Ice Boost •
 Large plastic bins •

Warranty

Parts and labour **2 years**
 Sealed system parts only **additional 3 years**

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
