# 705L Series 3 Chest Freezer

Series 3 | Contemporary

White

Add the flexibility of extra freezer space to your home

- Three removable wire baskets for flexible storage
- · Fast freeze function

# **DIMENSIONS**

Height	847 mm
Width	1860 mm
Depth	805 mm

# **FEATURES & BENEFITS**

#### Fast Freeze

An easy-to-use control panel in the chest freezer gives you the flexibility to set your desired temperature or speed up the freezing process for optimum flavour and nutrition.

#### Flexible Storage

Our chest freezers come with removable wire baskets that can stack to help you easily organise food items.

# **SPECIFICATIONS**

# Capacity

Volume 705 L

# Consumption

Energy star rating 2
Energy usage 585 kWh/year
In-use energy carbon emissions estimate 79.2kgCO2e/year

#### Freezer Features

Defrost drain system	•
Fast freeze	•
Freezer baskets	3
LED lighting	•
Lightweight lid	•
Power on indicator	•

#### Performance

Electronic interface
R600a refrigerant

#### Product dimensions

Depth 805 mm
Height 847 mm
Width 1860 mm

#### Warranty

Parts and labour 2 years
Sealed system parts only 5 years

SKU 26055

#### Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
